CINEMATOGRAPHY
LARS GOLDBACH
Director Of Photography

ABOUT ME

I'm a Berlin based DOP and MōVI operator.

Started 2007, my interests evolved from stills photography to moving picture and camera technology which led into developing a passion for cinematography and gimbal systems.

Since 2016 I am privileged as a fulltime freelancer.

I collected a variety of experiences with full-size cinema cameras (RED Epic Dragon, RED Scarlet W, RED Gemini, RED Monstro, Arri Alexa Mini, Arri Amira) as well as high-end professional cinema glass. (Cooke, Angieneux, Atlas Orion, Zeiss etc.)
